S. M. J. N. P. G. College, Haridwar

PROGRAMME OUTCOMES 2020-21

Learning outcomes are necessary for the college's vision, mission, and long-term goals. A method for effectively delivery of curriculum in program and course outcomes has been established through various academic as well as co-curricular activities. The students can learn about the content and application of various program through the principal's address to students during various activities, the college website, and the college prospectus. During the academic session, tests, assignments, quizzes, classroom presentations, participation discussions, and other traditional means of student evaluation are implemented. In order to develop students' talents and introduce them to technology application, the career counselling cell organizes guest lectures and seminars. The college magazine's detailed report section and student column provide details on the outcomes, courses, and other events that were planned throughout the semester.
